List Analysis Report

for Sample List

This report provides collection analysis data organized by the following classifications:

- Cultural Experiences, Genres, and Curricular Areas
- Quantitative Measures
- Qualitative Measures
- Recency of Publication

Download a spreadsheet to examine more details about your collection. You may also print this report.

At-a-Glance

20 Titles

- 12 Genres Represented
- 10 Cultural Experiences Represented
- 13 Fiction Books (65%)
- 7 Nonfiction Books (35%)

- 14 Diverse Books (70%)
- 3 Graphic Books (15%)
- 20 Award Winners (100%)
- Publication Year Median: 2014

- Page Count Average: 181
- Word Count Average: 21,607
- Lexile® Average: 588
- Reading Levels: K-1 to 6-8

Fiction / Nonfiction Details

- 13 Fiction Books (65%)
- 7 Nonfiction Books (35%)

### Lexile® Details

- Grades K-1, 40-530, 9 Books (45%)
- Grades 2-3, 420-820, 11 Books (55%)
- Grades 4-5, 740-1010, 6 Books (30%)
- Grades 6-8, 925-1185, 2 Books (10%)
- Lexile® Average: 588
- Lexile® Median: 550

Recency / Year Published Details

- 20 books published between 1997 and 2021
- 1 book published 2019 - 2022 (5%)
- 19 books published prior to 2019 (95%)
- Publication Year Median: 2014

Year Published is based on the original publication and not a specific edition. Eg, Hamlet *is 1602.*
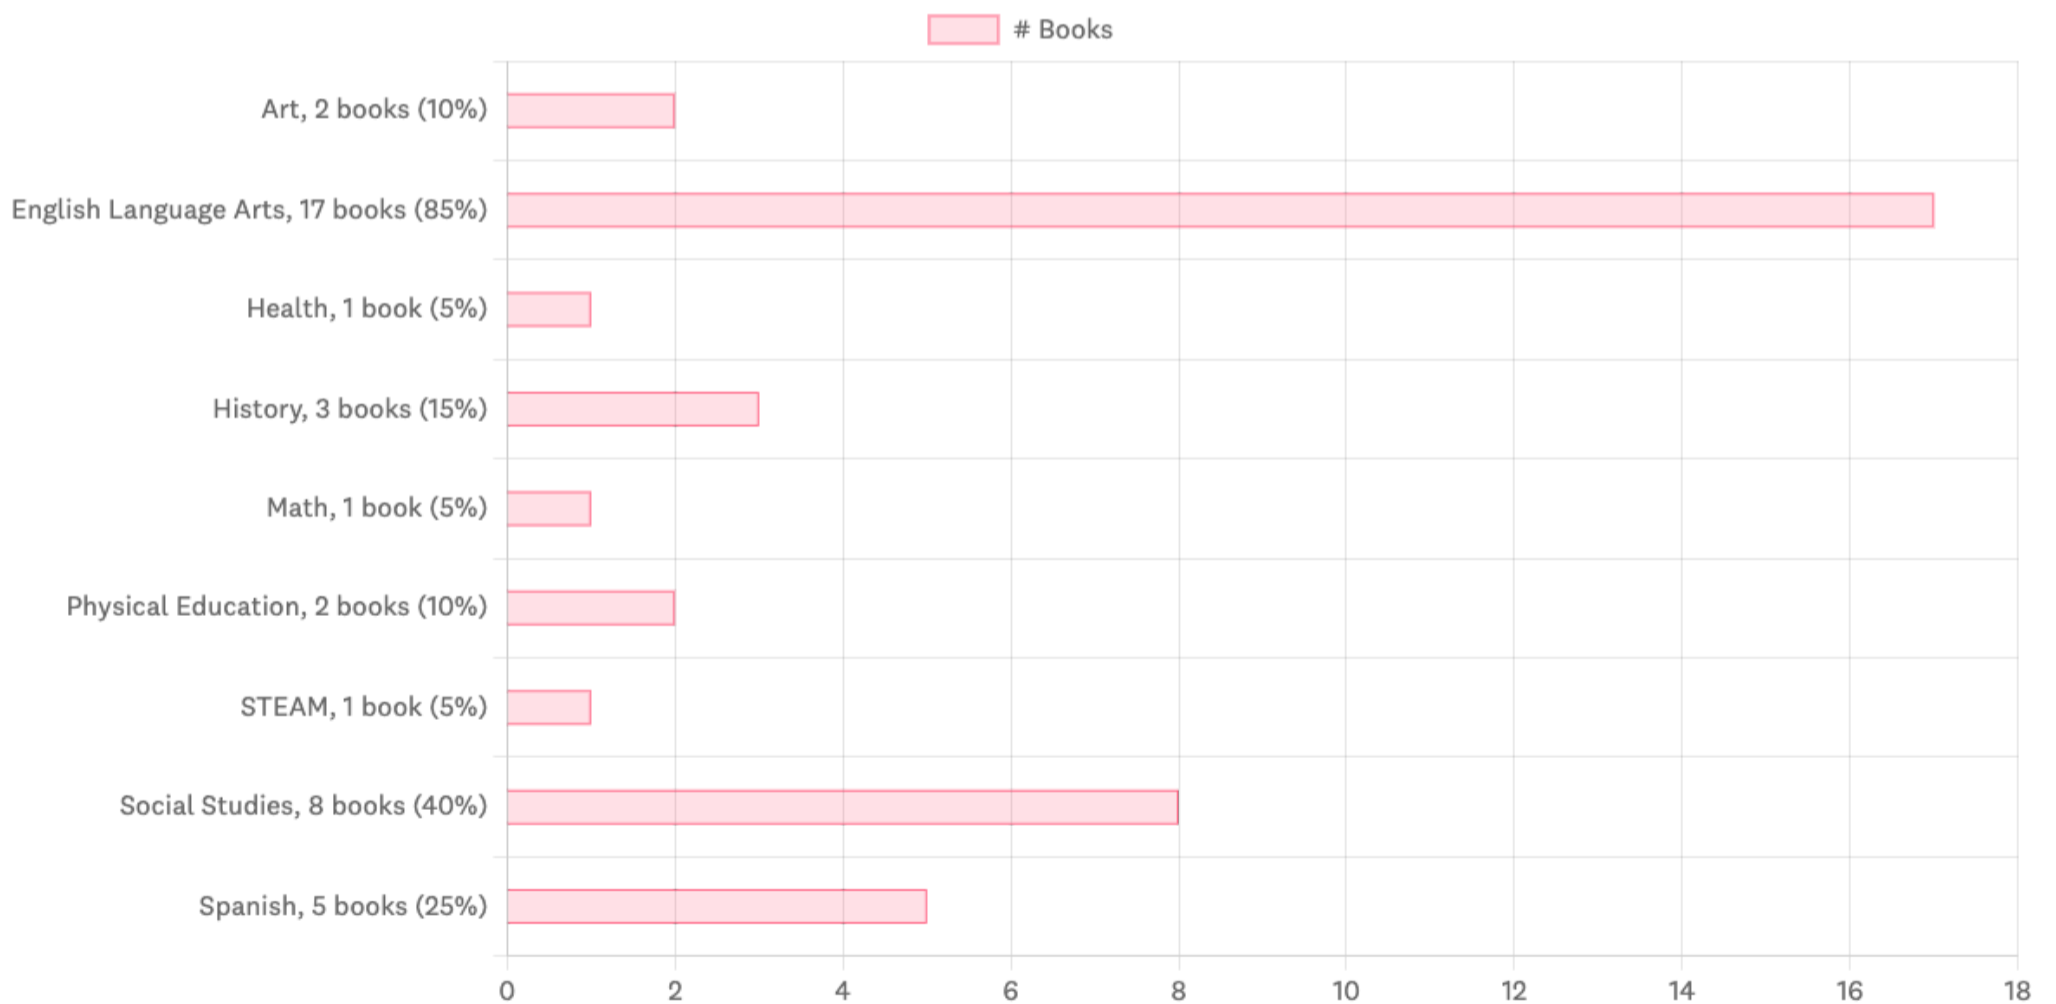

Cultural Experience Details
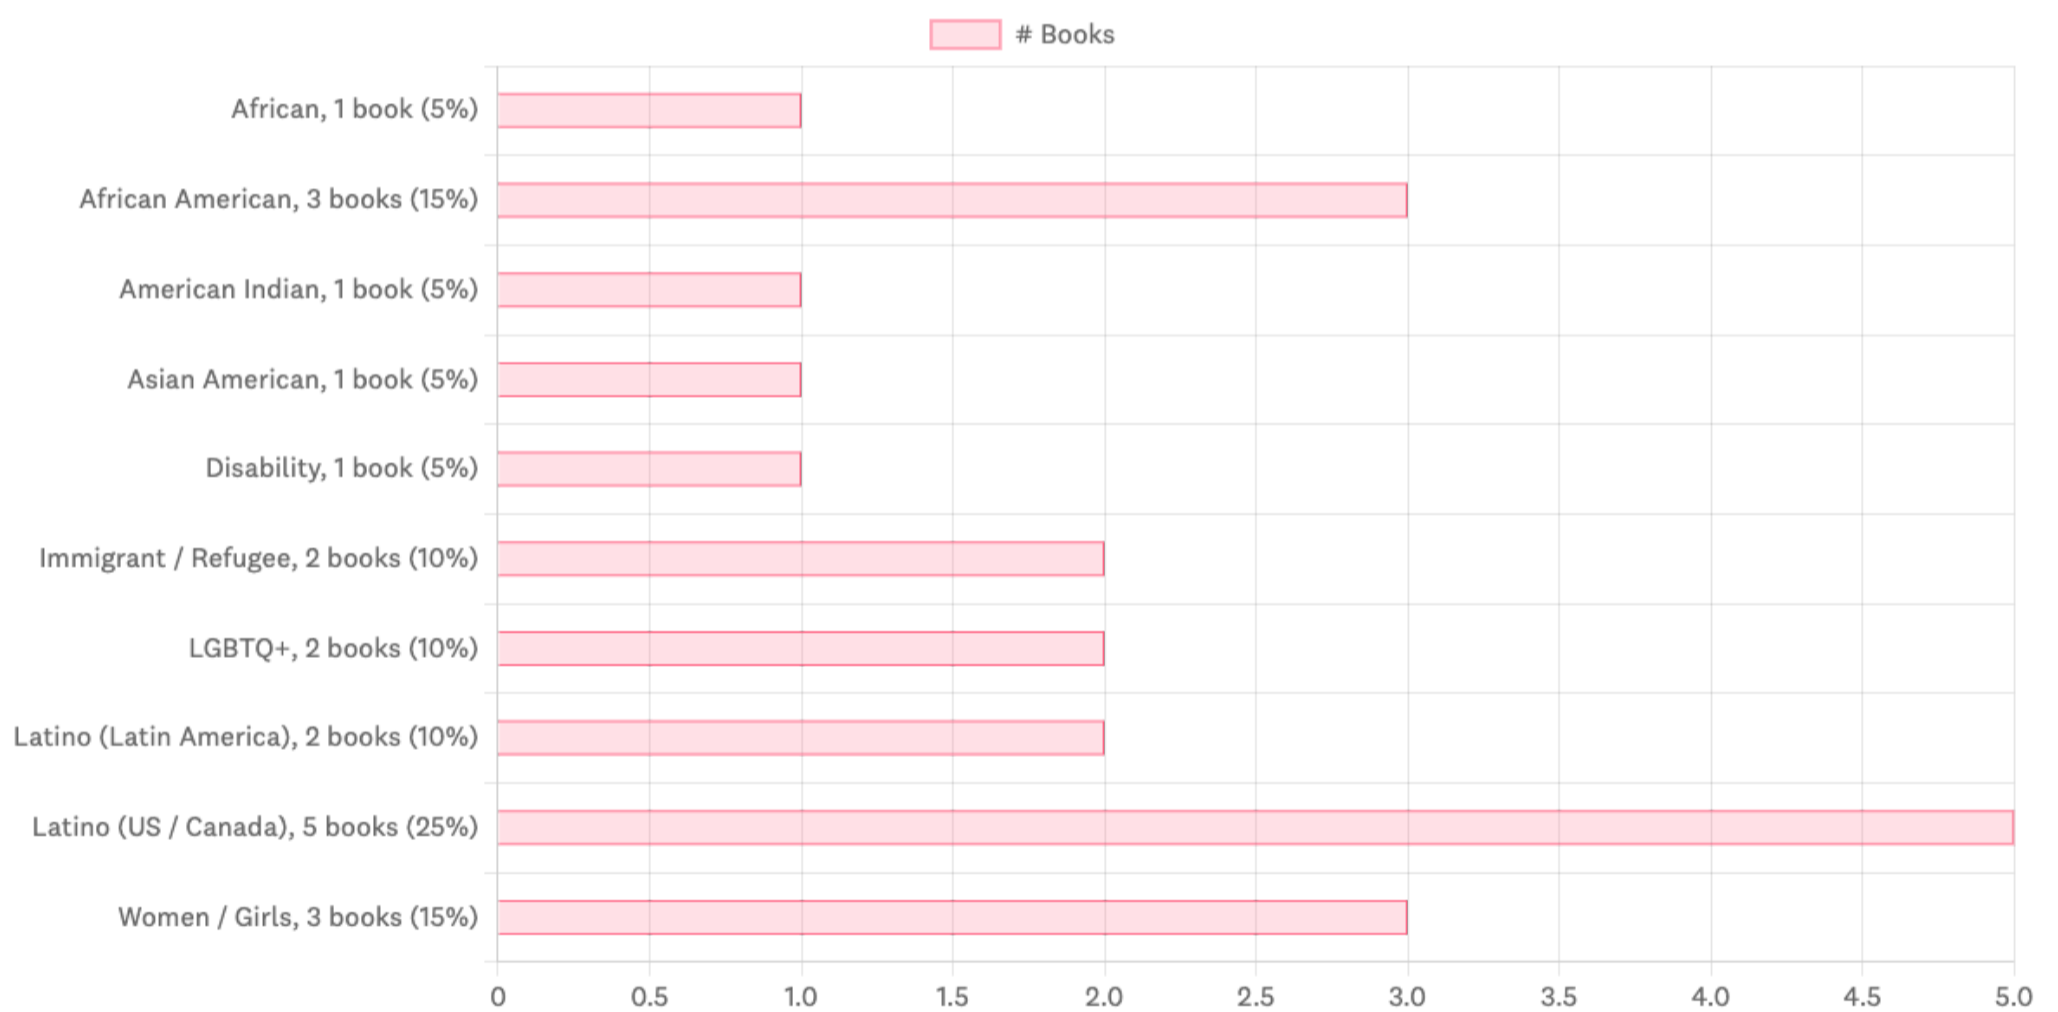

See Classification Definitions.

🔺 Qualitative Measures (BETA)

For 17 of 20 titles that have known qualitative measurements, this graph reveals the aggregated low, high, and average qualitative measures for the books in this list. We hope this range of information shows the variety and differentiation of this collection.

Qualitative Text Complexity Ranges

● = low and high range of submitted values   ● = average of submitted values

Slightly   **Exceedingly**

Meaning

Text Organization

Use of Visual Features

Conventionality

Vocabulary

Sentence Structure

Life Experience/Subject Knowledge

Cultural Knowledge/Intertextuality

Qualitative measures for each title are determined by crowd sourced results from professional educators who complete the literary or informational text complexity rubrics. These are relatively new on TeachingBooks so only a small percentage of all the titles have currently been evaluated. Perhaps you can help?

Instructional Materials Summary

TeachingBooks has available to you 751 total resources that personalize, enrich, and deepen discussions of these 20 books.

- 100 Videos
- 45 Book Readings
- 106 Lesson Plans
- Total of 751 resources

Access these resources by searching for a title or building your own list that contains all of the materials for up to 200 titles.
